

Holy Rosary Catholic School

Preschool Distance Learning Plan

2020-2021 School Year

Holy Rosary School is committed to providing a quality, faith-based education for all students, regardless of the format of instruction. With the current circumstances, we will work to ensure that every student receives an equitable education through a Distance Learning Plan that will allow meaningful, relevant learning to take place. We must acknowledge that our approach to distance learning cannot replace the true learning that happens when school is in regular session; social interactions, hands-on learning, community prayer and extracurriculars are invaluable and they are what make our school a special place.
